

Physics (GE) Internal Question

Sem I

Q1. What is Rankin's method? Explain Briefly.

Q2. What is Kepler law. Explain.

Sem II

Q1. What is Gauss law of Electrostatic. Deduce (integral form)

Q2. What Kirchhoff law. Deduce it.

Sem III

Q1. Explain Zeroth law of thermodynamics .

Q2. Explain Carnot cycle

Sem IV

Q1. What Group velocity and phase velocity. Deduce relation between them.

Q2. What is Doppler effect . Explain briefly
